	Appendix J: Project Programme	1

# Appendix J: Project Programme

This Appendix represents the project programme for the implementation of the Preferred Option. It should be noted that the programme is shown by years, but the capital maintenance works and surveys should be undertaken in a 3-month period between September to November to avoid the peak tourism season. Construction periods will also be constrained by tidal working

Year	Task			
	Procurement and Approvals	Detailed Design	Surveys*	Capital Maintenance Works*
